

Product name

eTOUCH-mini

Item number

39300

Manufacturer

ETHERMA

Product description

Thermostat with touchpad & program, 5–40°C, 16A

The eTouch mini is the next generation of recessed programmable thermostats, which is characterized by its energy-saving function and its flawless design. The controller has a large LCD colour display and adjustable antifreeze function, on/off, child lock and help text on every menu item. In the 7-day program mode, up to five on and off times can be programmed for each day. Colour: pure white, temperature range: 5-40 °C, switching hysteresis: 0.4 °C, temperature calibration, sensor cable length: 3 m (max. 50 m), switching current: 16 A, power reserve 36 h, mount: on flush-mounted switch box, protection rating: IP 21, CE marking.

Technical Details

Model	On/Off	Measuring range	5 40 Degrees celsius
Type of power supply	230 V AC	Number of heater outputs	1
Connection	2-wire	Number of cooler outputs	0
With receiver	No	Differential value	0.2 0.2 Kelvin
External sensor	Yes	Number of modules (module system)	0
Thermal feedback	Series	Max. contact voltage	240 Volt
Control characteristic	PI	Max. contact load	16 Ampere
Suitable for heating	Yes	RAL-number	9003
Suitable for cooling	No	Height	55 Millimetre
Adjustable differential	Yes	Width	55 Millimetre
Temperature readable	Yes	Depth	15 Millimetre
With sound indicator	No	Diameter	0 Millimetre
Sensor/feeler type	Resistance sensor	Standby power consumption (solstandby)	0.1 Watt
Mounting method	Flush mounted (plaster)		
With display	Yes		
Operation	Button		
Concealed operation	No		
With tap water circuit	No		
Contact type	Breaker contact (NC)		
Degree of protection (IP)	IP21		
Degree of protection (NEMA)	Other		
Explosion-proof	No		
Colour	White
