WHY ARBITON SKIRTING BOARDS?

→ RICH COLOUR PALETTE

Designs of Arbiton skirting boards are adjusted to the current market trends on regular basis. Use of the innovative Printing technology, distinguished by high resolution printing is the guarantee of the highest quality of an image and enables ideal matching of the board and the floor.

Decora's technologists have also developed original printing technology – Wood Effect in HD quality – which thanks to the high level of image details allows reproduction of natural wood.

→ COMPREHENSIVE OFFER

Arbiton offers skirting boards with numerous functions and assembly methods, manufactured from various materials ranging from PVC, Videlit, through MDF in different sizes and shapes, from classic to modern ones, with wide range of accessories.

→ PRODUCT AVAILABILITY

The skirting boards are available in the best construction and home improvement retail stores, as well as DIY stores across Europe. The use of comprehensive exposition system, with clear communication of values, allows Customers to find a product on their own and to recognize its benefits.

→ QUALITY GUARANTEE

Many years of experience and continuous improvement of manufacturing and logistic processes make Decora's products extremely durable which allows for a long-term use. The quality is confirmed with many consumer prizes and assembly workers' recognition.

→ ECOLOGY AND SAFETY

Products made of PVC and Videlit are safe for the users, perfectly adhere to the finished surface and are ecologically clean.
